

Song Lyrics: Follow the Money Rules!

Written by Sam X Renick © 2025

Chorus

Follow the money rules
It's easy as easy can be
Follow the money rules
It's easy as easy can be

Verse

Follow the money rules
and you'll get to do
more of the things you want to do
It really is true
You'll get to do
more of the things you want to do
When you follow the money rules

Chorus

Follow the money rules
It's easy as easy can be
Follow the money rules
It's easy as easy can be

Verse

Money rules are a recipe for success
for doing your best
for passing every money test
So step by step follow the money rules
Life can be cruel when you don't follow the rules
Yes, step by step, follow the money rules
Life can be cool when you follow the rules

Bridge

Here are the money rules:

Use money wisely. Make it a habit

Earn money. Make it a habit

Save money. Make it a habit

Invest money wisely. Make it a habit

When spending money, spend smart. Make it a habit

When giving money, give wisely. Make it a habit

Set goals for your money. Make it a habit

Have a plan for your money. Make it a habit

Track and manage your money. Make it a habit

If you borrow money, pay it back on time. Make it a habit

Build great money habits. Make it a habit

Keep learning about money. Make it a habit

Chorus

Follow the money rules

It's easy as easy can be

Follow the money rules

It's easy as easy can be

Follow the money rules

That's how you build your dreams!
